RE: Board of Oil, Gas and Mining Tour of Kennecott Operations, M/035/002, Salt Lake County, Utah

On September 26, 1990, members of the Board of Oil, Gas and Mining and members of the Division of Oil, Gas, and Mining were given a tour of Kennecott's operations. The purpose of the tour was to familiarize Board members with Kennecott's mining operations and reclamation efforts. The tour was provided as a courtesy by Kennecott.

The tour was attended by four members of the Board and ten members of the Division (see list). The tour was conducted by Cindy Emmons, Bart Kale, and Paul Rokich of Kennecott. Sites visited were: the Bingham Pit, the Copper Notch/Seam Project, the Revegetation Test Plot near the Copperton facilities, the Copperton Concentrator facilities and views of the 4th Line Expansion Project, the Lark Tailings Reclamation Project, and portions of Kennecott's successful tailings impoundment reclamation near Arthur. Mr. Greg Fauquier, Bingham Pit Mine Manager, accompanied the tour during inspection of the Bingham Pit and overview of the new Copper Notch revegetation test plot area. Mr. Chris Robison, Plant Manager, conducted the tour of the Copperton Plant facilities.
